Maximize Your Membership!

Educational Resources

- The Young Physician's Institute
- Young Physician Transition Series
- Coding & Reimbursement Basics
- TPMA Annual & SWFAC Conferences

State & National Advocacy

- Representation of a collective voice to the legislature to advance the priorities of podiatric medicine at both the state and national level.

Networking

- Network and learn from new or experienced podiatrists who understand the challenges you face.
- Region Meetings & Socials

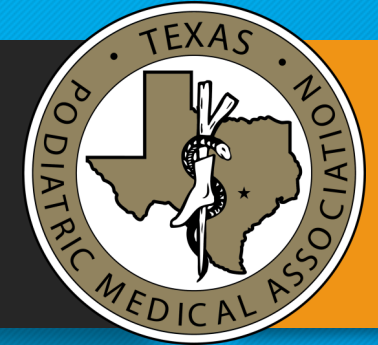

Be In The Know

- Access to all the latest information to assist you.
- Monthly eNewsletter
- Email Alerts
- Social Media
- TPMA Magazine
- Practice Management Resources

Legal Representation

- Representation for scope of practice issues and assistance with credentialing and hospital privileges.

Services and Leadership Opportunities

TPMA & APMA are two parts of a whole. We work in unison to provide an array of services for our mutual members. The dual membership model is designed for maximum impact and influence at local and federal levels.

Leadership

- Join a Committee
- Serve as an Advocate
- Peer-to-Peer Learning

Additional Services

- Education Just for Young Physicians
- Podcasts and Webinars
- Members-Only Benefits and Discounts
- Practice Management Resources
- Promotional Tools for Growing a Practice
- Career Center

Access

Members May Log In at www.apma.org or www.txpma.org to access these and other member-only services.

Membership pays for itself with the resources APMA has to offer. There's no reason not to join.

-Adam B. Lowy, DPM, *Olney, MD*

*School may be out, but your
real education is just starting.*

Young Physician Transition Series

Visit www.apma.org/YPTS

FIRST-YEAR RESIDENTS

Residents have unique needs as they focus on honing their skills and preparing for a career. APMA offers resources specifically created for you.

From student debt management to coding resources, the Young Physician Transition Series is your go-to resource for every stage of your career. Developed by the APMA Young Physician Leadership Panel, the Young Physician Transition Series serves as a member-only resource created to meet the unique needs of young physicians through each year of transition from residency to practitioner.

FIRST-YEAR RESIDENTS

- Research Resources
- Coping with the Stresses of Residency
- Personal Finance Resources
- Introduction to Billing and Coding
- Clinical Education Resident Resources
- CV Resources

Check out additional resources for residents in APMA's Young Physician Transition Series at www.apma.org/ypts.
